during August 1952. The mobile radar unit was located on a hill approximately 350 m. above sea level. A total of five persons wearing green uniforms were observed around the mobile radar unit. [redacted] One person was observed twice in the booth of the mobile radar unit.

25X1

25X1

The radar unit was observed unloaded from the trailer (flat bed) four of the five times. When last observed in August of 1952, it was loaded on the trailer. A 240 horsepower half track truck of German origin (name unrecalled) was observed near the radar unit. The Radar Unit (reference Encl. #1) was always facing north to south. The radar antenna was observed approximately twice, moving continually from 0° to 90° back to 0°. A tent six meters by six meters was observed located five meters from the mobile radar unit.

No other radar units, AA Units or air activity were observed in the immediate vicinity of mobile radar unit. The nearest AA guns and aircraft [redacted] were located at Line Airfield [redacted] The radar unit was located eight kilometers northeast of the airfield.
